

CaptainDPO

SOFTWARE FOR DPO / GDPR

Pilot the compliance of your organization,
collaboratively and confidently

THE GDPR : AN URGENCY TO COME

The Monitoring center of the GDPR

- The race against the clock has already begun... Since May 25th, 2018, the GDPR reinforce protection of European citizens
- The failure to respect will be punished by important financial penalties.
- The Monitoring center announces clearly : 81% of companies will not be in compliance.
- Will you be in compliance ?

CAPTAIN DPO : AN EASY COMPLIANCE WITH GDPR

PILOT THE COMPLIANCE OF YOUR ORGANIZATION WITH A TEAM

The screenshot displays the CaptainDPO dashboard, a tool for managing data protection compliance. The interface is divided into several sections:

- Header:** Features the CaptainDPO logo, navigation icons, a search bar, and a user profile.
- Left Sidebar:** Contains navigation links for 'Mon dashboard', 'Registre des traitements' (63 registres), 'Annuaire sous-traitants' (89 enregistrés), 'Gestion des demandes' (48 demandes en cours), 'Gestion de crises' (2 crises en cours), 'DPIA' (Accéder à l'outil), and 'Auto diagnostic RGPD' (100% - le 05/01/2018).
- Main Content Area:**
 - À traiter (Today):** A table listing tasks for today. Tasks include 'Gestion de la carrière' (Traitement), 'Avons-nous bien mené une analyse d'impact?' (Question), 'Audit - Conformité "Gestion de la carrière"' (Conformité), 'Gestion des dossiers de retraite' (Traitement), 'Gestion du contentieux' (Traitement), and 'Mise en conformité suite au changement du logiciel de CRM' (Tâche).
 - Dans la semaine (Next Week):** A table listing tasks for the next week. Tasks include 'Assurer la portabilité des données de Guillaume P.' (Tâche), 'Audit - Conformité "Gestion du contentieux"' (Conformité), 'Procédure - Gestion de crise - vol de données personnelles' (Document), 'Effacer les données à caractère personnel d'Eric B.' (Tâche), 'Où se trouve l'Audit - Conformité - "Gestion des allocations"?' (Question), and 'Les données personnelles de Alain G. ont-elles été rectifiées?' (Question).
 - Semaine prochaine (Next Week):** A table listing tasks for the week following next week. Tasks include 'Organiser la réunion préalable à l'Audit - Conformité "Prévention"' (Tâche), 'Audit - Conformité "Lutte contre la fraude"' (Conformité), 'Procédure - Analyse d'impact sur la protection des données' (Document), 'Effacer les données à caractère personnel de Matthieu L.' (Tâche), and 'Où se trouve l'Audit - Conformité - "Gestion des paies"?' (Question).
- Right Panel:**
 - Résumé:** A summary of key metrics: 'À traiter aujourd'hui' (3 / 6), 'Retards' (1), 'Crises' (2), 'Demandes traitées' (224 / 248), and 'Auto diagnostic' (100%).
 - Base documentaire:** A section for documentation, including 'Méthodes générales', 'Processus de crise', 'Les bonnes pratiques', and 'Documentation officielle'.
 - Gestion de crise:** A section for crisis management, including 'Récupération des données' (with a 'Démarrer le processus' button) and 'Gestion des rectifications en attentes' (listing pending rectifications).

Captain DPO is a platform which helps you effectively set your project in compliance with your organization by means of its collaboratives and agile applications guaranteeing the total accountability of the process.

Mobilize all stakeholders (Processing heads, subcontractors, collaborators, RSSI, etc.) in your project to win in time and in efficiency.

Each stakeholder participate in the global compliance set up for the organization.

The subcontractors for example, can directly log in on the platform, to collect your instructions and transmit you their processing reports.

DIRECT PROFITS FOR DPOS

Insure control and compliance

Captain DPO is a collaborative platform developed to meet the requirements of the European regulations. The applications, centered on the missions of the DPO, guarantee the total accountability of the process.

Reduce risks by means of collaboration

By involving the stakeholders (leaders of the company, responsible for processing, subcontractors, etc.), Captain DPO helps you obtain the best data protection and thus minimize the risks..

Increase the efficiency by means of collaboration

By betting on the collaboration, release the DPO from the administrative tasks! Let them be dedicated to the missions which have the real value for compliance of your organization.
